

United Way
of Greater Stark County

Suggested Giving Guide

The suggested giving guide was developed to help individuals set charitable goals for themselves and to see how easy it is to make a gift that helps our whole community. By utilizing the option of payroll deduction as a method for your giving, it makes it easy and hassle-free for you to split your gift up over the entire year by having a small amount deducted from each pay.

Because of your generous support, United Way of Greater Stark County can help one out of every three people in our community through our efforts in the areas of Health, Education and Financial Stability.

Your Annual Gift Helps:

Provide School Readiness and Success in School through our work in Education.

Provide pathways out of poverty and into a community where a cycle for financial success exists to allow families to build long-term economic independence by providing access to affordable housing, financial coaching, household stabilization and job training and preparation.

Increase the number of Stark County residents who report that they are healthy, reduce the infant mortality rate to meet or exceed the Healthy People 2020 Objective and reduce opiate substance abuse in our community through our goals in the area of Health.
